

Alterations to the Beaumonts Fitness Studio

Dear Customer

Please be patient whilst we make some improvements to the fitness studio.

During the alterations there will be times when there will be noisy works whilst a new entrance is added to the gym.

There will also be areas of wet paint whilst the walls are re-decorated.

On Friday 17 and Saturday 18 December some pieces of equipment will be moved to new locations, although the majority of equipment will remain in use at all times.

We hope that the majority of the disruption will be completed by the New Year and would like to thank you for your continued use at this time.
